Senior Engineer / Independent Contractor, [Address]

1. Parties

This Services Agreement (Agreement) is entered into between the parties to ensure long-term and stable collaboration.

- Client: [Company Name], [Registration Number], [Address].
- Service Provider: Robertas Rudys, Senior Software Engineer.

2. Scope of Services

Service Provider provides senior-level software engineering services focused on system stability, performance, and reliable delivery.

- Backend system architecture and development (.NET, Go).
- System stabilization and technical debt reduction.
- Development of integration, testing, and automation solutions.
- Ongoing technical support and participation in the product development process.

3. Financial Terms

The parties agree on a fixed monthly retainer or hourly rate set in the SOW, ensuring financial predictability.

- Currency: EUR.
- Monthly billing for services performed.
- Payment term: 14 calendar days from invoice date.

5. Client Obligations

Client agrees to provide all necessary tools and access for effective service delivery.

- Timely access to systems and documentation.
- Communication and decision-making without undue delay.

7. Intellectual Property

All proprietary rights to the results of the services are transferred to the Client after full payment.

12. Liability

The parties seek mutual trust and are responsible for the fulfillment of their obligations under the laws of the Republic of Lithuania.

13. Term

The Agreement is oriented towards long-term collaboration and can only be terminated in accordance with the agreed terms.

- Termination with 30 calendar days notice.
